

Inspired service. No wires attached.

FUTURE-PROOF YOUR NETWORK WITH MOBILEWARE'S CONNECTIVITY-AS-A-SERVICE

MobileWare's Connectivity-as-a-Service (CaaS) solution ensures your business will receive intuitive global network connectivity while reducing your operational costs.

Skip spending thousands on equipment and data service and leverage MobileWare's CaaS for a complete end-to-end solution.

Our comprehensive suite offers a router, modem, SIM card, managed services, and 24/7 support for a monthly fee (30-60 month agreements available).

MOBILEWARE'S CONNECTIVITY-AS-A-SERVICE

PACKAGES INCLUDE:

MobileWare Managed Routers

Utilizing state-of-the-art, pre-configured routers, our fully managed solutions are a simple plug-and-play! We provide 24x7x365 connectivity on more than 1650 carrier networks across 210 countries globally.

MobileWare Managed LTE Data Plans

We guarantee cost-effective solutions that deploy in days versus weeks and months. Our data plans ride on a fully redundant global IP network with enterprise-class 4G LTE internet service.

24/7 Monitoring

By choosing to work with us, you don't just receive our routers and data plans but also the support of our expertly trained team to manage your routers and provide ongoing assistance to ensure your entire solution works as expected.
